Lester Snow  
Executive Director, CALFED Bay-Delta Program  
1416 9th St., Suite 1155  
Sacramento, CA 95814

Dear Mr. Snow:

We are writing to provide input about the plan that CALFED is developing to address the problems of the Bay and Delta. We support long-term conservation solutions that promote water saving programs on farms and in our cities. We feel that this is the only sustainable solution to replenishing the Bay and Delta. As native Californians who grew up on farms and are now residents of the Bay Area, we would like your to consider more sustainable solutions rather than proposals to build more dams and canals.

Thank you for your consideration.

Sincerely,

  
Dr. Marilyn Winkleby

  
Dr. Michael Fischetti
